Programme objectives
Fulfil your personal ambitions by developing your skills in legal reasoning (e.g.: analysing a legal problem and finding an appropriate solution), your logical reasoning, your critical and analytical ability. At the end of your bachelor’s course, you will have a solid grounding in law and a general grounding in human sciences.

Programme’s added value
Whether you are interested in a legal career or not, your studies will help you become independent individuals since our law courses are people-centred and provide you with many opportunities for self-fulfilment (especially: learning how to think for yourself and learning the best research methods). Good to know: a bachelor’s degree in Law is also organised in Mons, in the framework of the collaboration between ULB and the University of Mons within the Académie universitaire Wallonie-Bruxelles.

You have at your disposal:
› A methodology room
› PCs
› A law library

Succeed in your studies
ULB offers a number of activities and resources that can help you develop a successful strategy before or during your studies.

You can make the transition to higher education easier by attending preparatory courses, summer classes, and information and orientation sessions, even before you start your studies at ULB.

During your studies, many people at ULB are there specifically to help you succeed: support staff in each faculty, (inter-)faculty guidance counsellors, tutors, and experts in academic methodology.

Job opportunities
If you go on to do a Master in Law, you will be able to move into the following professions:
› Lawyer
› Judge
› Corporate lawyer (bank, insurance, consultancy)
› Process
› A post within an international organisation or diplomatic service

If, after your BA studies, you wish to do a Master in another subject, you could opt for criminology.

You could also move into research in the following areas: Economic law, tax law, international law, Criminology etc
