

Didactique de la chimie

Lecturer

Cécile MOUCHERON (Coordinator)

Course mnemonic

CHIM-F451

ECTS credits

5 credits

Language(s) of instruction

French

Course period

First term

Course content

Organisation and structure of school. Terminal skills et programs. Organisation in chapters. Preparation of lessons. Evaluation, ...

Objectives (and/or specific learning outcomes)

Learn how teaching chemistry at the secondary school

Teaching method and learning activities

Ex-cathedra + discussion + presentations of lessons and discussions

References, bibliography and recommended reading

Books at the CUDEC library

Other information

Contact(s)

cmouche@ulb.ac.be, P2.3.108

Evaluation method(s)

Other

Evaluation method(s) (additional information)

Oral presentation and written examination

Programmes

Programmes proposing this course at the faculty of Sciences

AG-CHIM | Teaching qualification for upper secondary education - Chemistry | unit U and MA-CHIM | Master in Chemistry | finalité Teaching/unit 1

Programmes proposing this course at the faculty of Pharmacy

AG-PHAR | Teaching qualification for upper secondary education - Pharmacy | unit U
