

Anatomie pathologique spéciale

Lecturer

Isabelle SALMON (Coordinator)

Course mnemonic

MORF-G3421

ECTS credits

5 credits

Language(s) of instruction

French

Course period

Second term

Course content

General points :

Surgical Pathology Organization

Surgical pathology diagnosis

Review of the different sectors (urology, gynecology, pneumology, gastroenterology, neurology, haematopoietic system, endocrinology)

Pathological-clinical correlation with specificities in terms of samples differential diagnosis

Objectives (and/or specific learning outcomes)

At the end of this teaching unit, the student is able to integrate into his medical practice all aspects of Surgical Pathological

Pre-requisites and co-requisites

Pre-requisites courses

MORF-G2206 | Histologie et TPmodule 2 | 5 crédits

Co-requisites courses

MORF-G3306 | Anatomie pathologique générale | 5 crédits

Teaching method and learning activities

Theory courses: power point presentation - virtual university

Practical courses : power point presentation - slides projection (Zoomify) - virtual university - interactive course

Contribution to the teaching profile

Clinical integration of the surgical pathology diagnosis through the different clinical specialties
