

Théories de la sécurité

Lecturers

Elisa LOPEZ LUCIA (Coordinator) and Julien Pomarède

Course mnemonic

POLI-D410

ECTS credits

5 credits

Language(s) of instruction

French

Course period

Second term

Course content

This course is envisaged as an introduction to the theoretical debates surrounding the concept of security and the building of a peculiar field of knowledge pertaining to security policies in international relations. The security policies of some states and international organisations as well are examined through the lenses of different theoretical school of thought.

Objectives (and/or specific learning outcomes)

Providing the students with an analytical toolbox for interpreting the security discourses, the conditions of their production, their vehicles and their performance.

Teaching method and learning activities

Ex-cathedra course and homework based on a portfolio encompassing scientific articles and official documents.
