

Travail de recherche

Lecturers

Dirk JACOBS (Coordinator) and Carla MASCIA

Course mnemonic

SOCA-D324

ECTS credits

5 credits

Language(s) of instruction

French

Course period

First term

Course content

Each year another topic is chosen to investigate, often in line with current affairs or the urban environment of the university.

Objectives (and/or specific learning outcomes)

The objective of this course is a hands-on learning experience of doing social science research, including all aspects, ranging from research design, data collection, analysis, presentation of results to ethics.

Teaching method and learning activities

Ex cathedra presentation, group work, field work, guidance, presentations and feedback.

Contribution to the teaching profile

In this course a (collective) research project is undertaken from A to Z, from conception to presentation, inviting students to mobilize all the skills and relevant theoretical knowledge they have been acquiring in other courses of their curriculum.

References, bibliography and recommended reading

all material will be presented on Université virtuelle
