Course content

Thorough study of British and American cultures (cultural literacy, background information on both countries, literature, arts, film, music, etc.). Introduction to practical aspects of contemporary society and insight into political and economic issues (institutions, civilization, multiculturalism, education, current events) through the media (television, press, internet). Notions of journalese and business English. Oral presentations on these topics in seminars.

Objectives (and/or specific learning outcomes)

Getting to know British and US cultures and societies; acquiring cultural literacy (key concepts related to the media, politics, institutions); developing speaking skills and presentation techniques.

Teaching method and learning activities

Lectures and seminars.
