## Programme's added value

This top-quality inter-university course, which is highly recommended abroad, will give you access to job opportunities in a para-medical field where there is a high demand for staff. In recent years graduates of the course have regularly found work in Quebec, or have had their qualification recognized in France,

## International/Openness

Since their 2<sup>nd</sup> part of the program, students have the opportunity to design an exchange program with other universities (Europe – Québec)..

## Job opportunities

If you go on to do the interfaculty and inter-university master's course, you can become: a speech therapist or orthophonist and work in the private sector health care, teaching and educational institutions.

The training given is recognized in other French-speaking countries (France,Switzerland, andQuebec).

You will also be able to go into research at the doctoral level.
