Campus

Solbosch

- > A **tradition of rigorous** and demanding curricula based on solid multidisciplinary and analytical training, promoting critical thinking and problem-solving skills.
- > A **diversity of teaching methods** that are constantly revised to ensure teaching effectiveness.
- > A **diverse and international student** body (up to 80% in some Master programmes).
- > A **comprehensive educational** offering covering economics and business from the bachelor to in-company training.
- > **Accreditation from EQUIS** (European Foundation for Management Development) and **AMBA** (Association of Masters of Business Administration). **AACSB** (Association to Advance Collegiate Schools of Business) accreditation is underway.

Teaching methods

Teaching methods are based on a demanding system that combines theoretical and quantitative training content. The first-year of the programme is preceded by a 'Maths Camp' whose purpose is to bring all future students of the Master to the same high level of mathematical skills required for advanced coursework in economics. Students can then follow advanced courses in economics (macroeconomics, microeconomics, and econometrics), supplemented by a rich array of field courses covering virtually all the main branches of economics.

Programme objectives

The research-oriented Masters in Economics and in Economics and Statistics provide students with the theoretical and statistical tools required to pursue advanced analysis and research in economics.

This programme is offered in two versions:

- > The **research-oriented Master in Economics** provides general training in all areas of economics
- > The **research-oriented Master in Economics and Statistics** offers students the possibility to specialise in topics at the intersection between economics and statistics.

Programme's added value

The Solvay Brussels School assets

- > A location at the **heart of Europe**, within a comprehensive research university: the Université Libre de Bruxelles.
- > An **international faculty** with a staff of high-level researchers and accomplished practitioners, who work together to ensure that the training they provide is both relevant for business and policy practice and corresponds to the state of art.

Succeed in your studies

Choose

The information and guidance counsellors at the InfOR-études [<https://www.ulb.be/en/studies-info-desk-1>] service will help you choose your studies throughout the year.

Succeed

Take part in preparatory courses [<https://www.ulb.be/en/studies-info-desk-1>] or get help to succeed [<https://www.ulb.be/en/studies-info-desk-1>], before or during your studies.

Get help

Apply for financial aid, look for accommodation or a student job, get support [<https://www.ulb.be/fr/aides-services-et-accompagnement/aid-services-and-support-1>] for your specific needs.

Job opportunities

Most graduates of the research-oriented Master programmes start a PhD. in economics, either at ECARES (European Centre for Advanced Research in Economics and Statistics) or abroad. The highly stimulating and demanding doctoral programme at ECARES leads to a variety of job opportunities, including:

- > Researcher or assistant professor in a research institute or a university (London School of Economics, Boston University, Oxford University, Central European University, etc.)
- > Economist in international institutions (OECD, European Commission, World Bank, European Central Bank, etc.)
- > Specialised consultant (Compass-Lexecon, Charles River Associates, OXERA, etc.)
- > Finance professional

Notable alumni include:

- > Marianne Bertrand, Professor of Economics, University of Chicago, Booth School of Business
- > Natalie Chen, Professor of Economics, University of Warwick

- > Elisabetta Cornago, Environmental Economist, OECD - PhD candidate in Economics at ECARES, ULB
- > Pénélope Papandropoulos, Coordinator State Aid in Chief Economist Team of DG Competition – European Commission
- > Christophe Soil, CEO, Brussels Planning Bureau
