Les + de la formation

The microfinance sector is developing at a rapid pace creating a growing demand for experienced professionals within microfinance and credit institutions, banks and development investment funds in Europe and abroad.

The European Microfinance Programme is the first microfinance education program with a European scope and perspective. It offers the combined expertise of academics and experts working in the field.

Professors from three European universities in Belgium (ULB-UMONS) and France (Université Paris Dauphine) provide a solid theoretical foundation. Practitioners from the five non-governmental partner organizations ADA, BRS, CERISE, Positive Planet and SOS Faim give insights into the latest techniques used by international microfinance institutions.

The EMP is a particularly international Master. It gathers students from 20 to 30 different countries. Around 50% of them come from Southern countries. The programme provides the students with a broad overview of the field of microfinance followed by a compulsory internship in a microfinance institution in a developing country. EMP graduates are well-trained multi-disciplinary professionals, ready to innovatively address the challenges that the sector is facing today.

International/Ouverture vers l’extérieur

Universités:
- Université libre de Bruxelles, Belgium
- Université de Mons, Belgium
- Université Paris-Dauphine, France

Partner NGOs:
- ADA, Luxemburg
- BRS, Belgium
