

Master in Motor skills : Physical Education

Focus Physical preparation

Students who have a BA may choose from the following specialities:

- > Teaching
- > Training and coaching
- > Physical conditioning and fitness
- > Physical and mental conditioning, and athletic rehabilitation (joint degree with the university of Lyon)

Courses are given as a combination of lecture classes, lab work in smaller groups, individual assignments, and work placements/internships. Depending on the focus chosen, work placements/internships may be completed in schools, health clubs, or sports clubs, in Belgium or abroad. Students in physical education take part in organising large-scale athletic events in order to build experience, such as sports days for primary and secondary schools, open jogging events ('CoRun'Air'), and so on.

Bloc 1 | M-EDPHP | MA-EDPH
