

Master in Political Sciences : International Relations

Focus Security, peace, conflicts

The Master in Political Science specialised in international relations enables students to become first-rate political scientists in the field of international relations. The goal is for students to acquire specific skills that prepare them for a job in a European institution or with an international organisation such as the UN (or one of its organisations), the World Bank, the OECD, international NGOs, etc., or for a forecasting job in the private sector, with a particular focus on banking and insurance.

Students in this programme must pick one of the following specialisations:

Globalisation and public policies or Security, peace, conflicts.

A joint degree programme in political science has been set up with our partner universities. This programme is accessible to students selected by academic coordinators. Applicants must have validated 60 credits of their Master in Political Science or international relations (see admission requirements).
