

## Master in Physiotherapy and Rehabilitation (60 credits)

This Master is organised as a **single year** of studies (**60 credits**). It includes 8 months of internships/work placements in university hospitals, rehabilitation centres, or private practices.

Students will also regularly attend conferences and seminars—given by specialists in a given field—that are relevant to their work placement/internships and their professional experiences.

Work placements/Internships can also be completed abroad, for a maximum of 3 months, for instance as a part of the Erasmus exchange programme or within certain NGOs.

### Unique year | MA60-KINE

### Cours obligatoires
