(1/10<sup>THS</sup> OF A FULL-TIME POSITION, FOR A TOTAL VOLUME OF 30 HOURS/YEARS)

FACULTY SOLVAY BRUSSELS SCHOOL OF ECONOMICS AND MANAGEMENT

Reference : 2026/A063

Application deadline : May 15, 2026 - 12:00 PM

### Job description

The Solvay Brussels School of Economics and Management (SBS-EM) is the economics and management faculty of the University of Brussels, one of continental Europe's leading research universities. The Faculty is proud of its programs, which combine scientific rigor, contextual engagement and problem-solving skills.

It invites applications for a part-time position in Law. The course entitled 'Introduction to public and Private Law» consists of two parts, and this vacancy concerns the '**Private law**' part. The course is taught in the programs in English of the bachelor's in economics and in Business Engineering.

#### **Educational and scientific goals :**

**Private Law:** In both their private and future professional lives, students are and will be confronted daily with civil law and the legal aspects of life in society. The course aims to teach them the basics of private law in its main aspects. The purpose of the course is obviously not to train the students as future lawyers, but to enable them, on the one hand, to understand the legal mechanics underlying private and economic relations between individuals and public or private entities and, on the other hand, to identify and anticipate - or even, to a certain extent, to resolve - the legal difficulties raised by these relations. The course should also help students in their future interactions with internal legal experts and external lawyers, by providing them with an initial set of skills enabling them to identify and spot legal issues or risks, and formulate them in a way that makes it possible for lawyers to resolve them. As such, the course is an important part of learning how to interact in a company and manage risks associated with its activity.

**Public law :** At the end of the Public Law part of the course, students should be able to describe the functioning of Belgian institutions and to define and explain the scope of the main concepts and principles of public law.

#### **Courses covered at the time of recruitment :**
